

Elegant design with innovative detailing comes together with a sophisticated material selection: The TWISTER series brings together decorative standing, table and pendant lamps in different sizes made entirely of plaster. We make the cable a design element! Designed fully in classic white, only a red cable stands in contrast. The TWISTER series is therefore not only an eye-catcher in living areas but also in hotels or in restaurants and catering establishments.

Special features

- Plaster housing material
- Red fabric connecting cable with switch
- Exchangeable lamp (G9)
- Can be painted over

Housing Material	Plaster
Housing Color	White
Protection Class	Protection class I/protective grounding
max. Power	1x max. 25 W
Rated Input Voltage Frequency	220-240 V/AC 50 / 60 Hz
Socket Description	G9
Socket Quantity	1
Dimmable	Yes
Control technology	Dimmable via optional light source
Motion Detector	No
Execution	Without lamp
Light Exit Surfaces	2
Light characteristics	Direct, Indirect
Light direction	Top, Below
Height	350 mm
Diameter	180 mm
Product weight	3728 g
Working Temperature	-5 to 40 °C
Storage Temperature	-10 to 60 °C
IP Protection Class	IP 20
