#### Identification

| Element                   | Charging cable   |
|---------------------------|--|
| Specification             | Straight   |
| Charging mode             | Mode 3   |
| Connector 1               | Type 2<br>Female (Vehicle side)                        |
| Connector 2               | Type 2<br>Male (infrastructure side)                   |
| Version                   |  |
| Cable length              | 5 m  |
| Core structure            | 3x 6 mm² + 0.5 mm²                                     |
| Termination method        | Crimp termination                                      |
| Number of phases          | 1  |
| Number of contacts        | 5  |
| Number of signal contacts | 2  |
| Number of power contacts  | 3  |
| Contact configuration     | Signal: CP, PP<br>Power: L1, N, PE                     |
| Details                   | Also available with customer specific logo on request. |

## Technical characteristics

| Rated current (signal) | 2 A  |
|------------------------|------|
| Rated voltage (signal) | 30 V |
| Rated current (power)  | 32 A |

HARTING Automotive GmbH | Marienwerderstraße 2 | D-32339 Espelkamp | Germany

### Technical characteristics

| Rated voltage (power)                  | 250 V   |
|--|---|
| Type of current                        | AC  |
| Charging power                         | 7.4 kW  |
| Coding resistance                      | 220 $\Omega$ between PE and PP                          |
| Ambient temperature                    | -30 +50 °C in operation<br>-40 +80 °C storage/transport |
| Air pressure                           | ≥540 hPa ≈ 5000 m                                       |
| Insertion force                        | <100 N  |
| Withdrawal force                       | <100 N  |
| Mating cycles                          | ≥10,000   |
| Degree of protection acc. to IEC 60529 | IP44 mated condition                                    |
| Cable diameter                         | 12.8 mm ± 0.4 mm  |
| Minimum bending radius                 | 9x Cable diameter (repeated bending)                    |
| Conductor resistance @ 20 °C           | ≤3.3 Ω/km @ 6 mm²<br>≤39 Ω/km @ 0.5 mm²                 |

### Material properties

| Material (insert)                         | Polyamide (PA)   |
|---|--|
| Colour (insert)                           | Black  |
| Material (contacts)                       | Copper alloy   |
| Surface (contacts)                        | Silver plated  |
| Material (hood/housing)                   | Polyamide (PA)   |
| Colour (hood/housing)                     | Black  |
| Material (cover)                          | Thermoplastic polyurethane (TPU)                       |
| Material (cable)                          | Thermoplastic polyurethane (TPU)                       |
| Colour (cable)                            | Black  |
| Material flammability class acc. to UL 94 | V-0  |
| RoHS                                      | compliant with exemption                               |
| RoHS exemptions                           | 6(c): Copper alloy containing up to 4 % lead by weight |
| ELV status                                | compliant with exemption                               |
| China RoHS                                | 50   |
| REACH Annex XVII substances               | Not contained  |
| REACH ANNEX XIV substances                | Not contained  |
| REACH SVHC substances                     | Yes  |
|   |  |
