

## plug domestic type - with cable sleeve

| Product description   |               |
|-----------------------|---------------|
| BALS-Prd.-Nr          | 7372-1        |
| EAN                   | 4024941428569 |
| Product category      | Domestic plug |
| Current               | 16A           |
| Number of poles       | 3p            |
| Arrangement of phases | 2P+PE         |
| Voltage               | 250V~         |
| Frequency             | AC            |
| Protection degree     | IP54          |

| Product description    |                                                                                |
|------------------------|--------------------------------------------------------------------------------|
| Colour code            | blue RAL 5015                                                                  |
| Colour of appliance    | Collar black RAL 9005, Cable gland black RAL 9005, Housing cover black/black   |
| Connection design      | with screw terminal                                                            |
| Maximum conductor size | 4,0 qmm                                                                        |
| Cable entry            | with cable gland                                                               |
| Height                 | 138mm                                                                          |
| Width                  | 42mm                                                                           |
| Depth                  | 42mm                                                                           |
| Material of enclosure  | plastic                                                                        |
| Contacts               | the contacts are brass nickel plated, The contact carrier is made of polyamide |

| Additional technical properties |                                                                                                                                                                                                                                                                                                                 |
|---------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                 | also suitable for Belgian/French standard                                                                                                                                                                                                                                                                       |
|                                 | The enclosure components are connected without screws and are secured by a snap-lock mechanism. Opening is only possible with a screwdriver., With rubberized housing cover (SUSTAINABLE-GRIP), MULTI-GRIP cable gland with gasket and integrated strain relief, With rubberized cable gland (SUSTAINABLE-GRIP) |
